

# MONTESSORI 0-3 WORKSHOP: BUILDING YOUR CHILD'S BRAIN THROUGH LANGUAGE

WA – Saturday, 5 May 2018  
9:00am – 4:30pm

This workshop will focus on language development in children under the age of three. It will provide practical ideas on how to create a rich language environment for your child and how this will influence his or her cognitive development. Discover the role that language plays in maths and how an adult's language can influence self-regulation, executive function and development of the child's prefrontal cortex.
