

MONTESSORI 6-12 WORKSHOP THE RELATIONSHIP BETWEEN COSMIC EDUCATION AND LANGUAGE WORK

Monday, 3 October 2016, 9:00am - 4:30pm
VIC

This workshop will assist teachers in Montessori primary classrooms to understand the relationship between cosmic education and language work.

The workshop begins with an overview on the second plane children, Cosmic Education and the Montessori approach to language. We then move on to examining Cosmic Education in more depth: what do we present, how do we present it, and what comes afterwards? In the afternoon sessions, we look at how we link language and Cosmic Education in the 6-9 and then 9-12 classes.

"Since it has been ... necessary to give so much to the child, let us give him a vision of the whole universe. The universe is an imposing reality, and an answer to all questions.... All things are part of the universe, and are connected with each other to form one whole unity. The idea helps the mind of the child to become focused, to stop wandering in an aimless quest for knowledge. He is satisfied having found the universal centre of himself with all things."
