

MONTESSORI CHILDBIRTH AND EARLY PARENTING PREPARATION WORKSHOP

Saturday, 27 & Sunday, 28 January 2018
9:00am – 4:30pm

Pregnancy is a time when expectant parents are open to ideas, as they consider the transition into parenthood. Workshop participants will be introduced to the information presented to parents during an 8 week prenatal education class series.

The workshop will present a short review of Respiratory Autogenic Training (RAT) as a childbirth preparation method. Participants will also have the opportunity to discuss aspects of child development that will be helpful to parents during the early weeks with their baby. This will include creating a home environment that is supportive of the development of movement, of language and of independence.
