

# PEOPLE SKILLS FOR MONTESSORI TEACHERS AND ADMINISTRATORS

SA – Saturday, 19 May 2018  
9:00am – 4:30pm

This workshop will cover listening skills, conflict management skills, cooperative problem skills and managing emotions in the context of a Montessori school or centre.

Whether your school/centre is big or small, everyone working there is part of a team made up of people with different skill sets, different personalities and different ways of approaching things. We need to be able to recognise this individuality in people and enable their participation whilst still holding a collective goal in sight. This can often seem challenging.

This workshop will address these challenges and, in a hands-on practical way, help you to build the skills to create productive teams in which everyone feels valued and able to give their best.

## Feedback from Christine's course at the Maria Montessori Institute in London:

*"Thank you very much indeed for giving such a well-planned, insightful and enjoyable course. These topics that you covered dog us throughout our careers so it is very refreshing to have some new tried and tested tools to move forward with. I am just thinking I will make my own toolbox a neat little wooden box full of all the words you gave us to be opened as and when necessary and definitely when a crisis is looming or an inspection imminent!"*
