

Montessori 0-3 Workshop

Supporting Freedom & Self-Discipline

Saturday, 9 September 2017, WA
9:00am - 4:30pm

This workshop, for parents and educators, provides understanding and skills to encourage positive behaviour in young children. Learn how to communicate with children to support and develop their self-discipline - how to talk so kids will listen. Discover practical strategies to establish routines, set expectations and provide children the freedom within boundaries necessary for them to thrive. Strive to be the best parent and educator you want to be by learning techniques to avoid negative behaviour, both in yourself and the children in your care. Support the natural development of the child by understanding the core tenants of Montessori for this age group:

- Movement
- Communication
- Independence
- Self-discipline

To assist a child we must provide him with an environment which will enable him to develop freely.
