LINDA GRAHAM FACN is an experienced psychiatric and dementia care nurse with qualifications in education, hospital management, advanced dementia practice, dementia care mapping and Montessori. She has many years experience in the consulting and education areas. She discovered her passion was to be found in using Montessori Methods in dementia care and she has studied and developed both a knowledge base and depth of knowledge in this area over the past 6 years including gaining certification in both Montessori and Spaced Retrieval. Linda thoroughly enjoys working with staff to enable them to implement change & innovation into care delivery, especially in the area of dementia care. Her aim is to apply her particular skills and expertise to a high professional standard.
