

MONTESSORI 3-6 WORKSHOP: OUTDOOR PREPARED ENVIRONMENT

LEARNING IS JUST A HOP, SKIP & JUMP AWAY

Saturday, 24 August 2019
9:00am – 4:30pm

"... when we think of intellectual activity, we always imagine people sitting still, motionless. But mental development must be connected with movement and be dependent on it. It is vital that educational theory and practice should be informed by that idea."

(Maria Montessori, The Absorbent Mind)

News of an obesity epidemic and increasingly sedentary behaviour has led to the review and update of national guidelines for physical activity. Come to this workshop prepared to move and be reminded of all the many ways movement is already embedded into the activities and materials of the 3-6 environment.

Come ready to be turned inside out and upside down as we explore the great outdoors and ensure it is also a prepared environment for the children. Discover how the child can apply and consolidate skills and knowledge from all areas of the Children's House not only indoors but also outside.

ACMS Training Room
Kalker Montessori Centre
1-3 Estelle Street
Bulleen VIC 3105

Registration Rates:
Member: \$210
Non-Member: \$280
(lunch included)

Registrations Close:

AMY KIRKHAM has been involved in Early Childhood Education since 1988. She is the 3-6 AMI Director of Training for the Australian Centre for Montessori Studies (ACMS) in Melbourne, delivering both Diploma and Certificate courses. She has also directed a Diploma course on the Sunshine Coast and Certificate courses in Adelaide and Perth. As a member of the 3-6 AMI Faculty of Trainers in China she has lectured on Diploma, Certificate, Administrators and Mentor training courses across China. Amy has been an Examiner for courses in Australia, New Zealand, China and Thailand and serves on the Australian Montessori Quality Assurance Council. She is involved in the provision of professional development, parent and community education, and continues to enjoy working with children in Montessori 3-6 classrooms.
